Mimaki YES Class

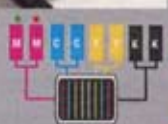
Mimaki lets you say "Yes" to one of the hottest trends in advertising and image graphics today – customized vehicle wraps and graphics. The new JV33-160 inkjet printer / CG-160FX plotter cutter combo is packaged especially for those who need to trim the budget but can't afford to cut performance – giving you images that dance with mind-blowing color and contour cuts to beat the band.

# Wrap 'n' Roll

New!

**As two of Mimaki's newest YES-Class products, the new JV33-160 Inkjet Printer and CG-160 Cutter combo says...**

- ✔ **YES** to higher speeds – ***30% faster than the JV3 at 128 sq/ft/hr.***
- ✔ **YES** to lower pricing. *Combo packages available.*
- ✔ **YES** to auto back-up ink supply system – UISS.
- ✔ **YES** to one head printing for improved image clarity and color quality.
- ✔ **YES** to RasterLink*Pro*III 16-bit rendering RIP.
- ✔ **YES** to sustainable outdoor durability.
- ✔ **YES** to the most complicated cuts with speed & precision.



*Uninterrupted Ink Supply System (UISS) allows continuous printing.*
